## ALZHEIMER'S ASSOCIATION: KNOW THE 10 SIGNS

Is memory loss a normal part of aging or a more serious sign? Memory loss that disrupts daily life may be a symptom of Alzheimer's disease or other dementia. Alzheimer's is a brain disease that causes a slow decline in memory, thinking and reasoning skills. Join the Alzheimer's Association of Greater Michigan to learn about the 10 warning signs and symptoms and when to share them with your doctor.

This program is free, but registration is required. To register or for more information, call HealthAccess at 1-800-228-1484 or visit [www.mclaren.org/phevents](http://www.mclaren.org/phevents).
