

Until There's A Cure, There's Care

A Series Designed for Caregivers of those Living with Dementia

Lake Huron Medical Center is offering a three (3) part program series, “Until There’s a Cure, There’s Care,” based on Teepa Snow’s Positive Approach to Care (PAC) beginning Thursday, April 11, 2019. Teepa Snow is a nationally recognized dementia educator who has helped thousands of people by sharing her dementia care philosophy and caregiving techniques.

This program is designed to help families better understand how it feels to be living with dementia and related changes. While attending all three seminars is not a requirement, it is encouraged because the topics build on each other.

Program Dates & Topics

Program will be held in the Auditorium from 6:00 p.m. to 8:00 p.m.

Thursday, April 11, 2019 – Dementia Awareness - The Changing Brain
